The German and French National Contact Points (NCPs) and Enterprise Europe Network (EEN) department of IMG GmbH – Rheinland Pfalz, in collaboration with the EEN department of Grand E-Nov+ - Grand Est region of France, will organise an

## EU Brokerage Event (8<sup>th</sup> edition) on industrial Key Enabling Technologies (KETs) in Horizon Europe

on **11<sup>th</sup> May 2021** – online

This event is dedicated to Key Enabling Technologies and will target upcoming calls in the following thematic fields:

- cluster 4, destination 1 (“Climate neutral, circular and digitised production”)
- cluster 4, destination 2 (“Increased autonomy in key strategic value chains for resilient industry”)
- cluster 5, destination 2 (“Cross-sectoral solutions for the climate transition”)

The objectives of the brokerage event are to present the 2021-2022 topics of the European Union’s Work Programme 2021 – 2022 of the Framework Programme for Research and Innovation “Horizon Europe” and to prepare future co-operations between participants.

Participants will have the opportunity to present their own project concepts and to meet representatives from companies / SMEs, universities and research organisations in order to exchange ideas during pre-arranged meetings with the aim of paving the way for **future co-operations and European projects including call topics for 2021-2022**. Brokerage activity support will be offered by representatives of the National Contact Points and the members of the Enterprise Europe Network.
